PREFACE

This is the second edition of the Montana Health Data Book and Medical Facilities Inventory.

The Montana Health Data Book and Medical Facilities Inventory makes available health information and health utilization data. The Data Book and Facilities Inventory is a guide to assist the public and health professionals in the conduct of their work and pursuit of health planning interests.

The extensive nature of health data for Montana makes it impossible to impart all the data in a concise and brief presentation, so in an effort to make this health data accessible, we mention the following agencies and their respective data responsibilities:

1. The Montana Hospital Association: Expenditure data and financial information.

2. Montana Rate Review System: Information on charges for their member hospitals.

3. The Montana Health Systems Agency: The Montana Health Systems Plan.

4. The Montana Foundation for Medical Care: Medicare and Medicaid information--diagnostic and special studies.

5. The Emergency Medical Services Bureau: Information about emergency personnel, ambulances, and training of personnel, etc.

6. Montana Blue Cross: Intermediary for Medicare Cost Reports and financial and revenue information for Montana hospitals, and also information about their subscribers.

7. The Department of Social and Rehabilitation Services: Information about nursing homes and Medicaid information.

8. The Montana Physician Service (Blue Shield): Information about their subscribers.

9. Department of Administration (Research and Information Systems Division): Census information.

ACKNOWLEDGEMENTS

The Health Planning and Resource Development Bureau would like to acknowledge all those agencies and individuals who have contributed data and cooperated generously in the endeavor to complete this Montana Health Data Book and Medical Facilities Inventory. We extend a special "Thank you" to the Montana Hospital Association for their cooperation, the hospitals and their staffs, the long-term care facilities and their staffs, the various home health agencies and the Bureau of Records and Statistics.

Generous appreciation is extended to Doris Downs, Sherryl English, and Mike Zarndt for their assistance in preparing this report.

HEALTH STATUS INDICATOR RANKS FOR MONTANA COUNTIES 1976 - 1980

RANK	COUNTY	SUM OF 13 RANKS	RANK	COUNTY	SUM OF 13 RANKS
1	Petroleum	135	29	Carbon	356
